

Maywood Bicycle/Pedestrian Study Public Information Center

**Thursday,
October 21, 2010**
Stop by anytime between
4-7 PM

**Borough Hall
Council Chambers, 2nd Floor
15 Park Avenue
Maywood, NJ**

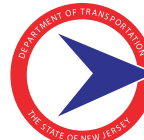

Please come to the Public Information Center for the Maywood Bicycle/Pedestrian Study. A preliminary plan has been developed for the Borough and will be on display at this meeting. The plan is intended to improve bicycle and pedestrian safety and enhance non-motorized transportation opportunities within Maywood.

The purpose of this Public Meeting is to display, discuss, and refine the improvement options to be included in the Final Plan. This meeting will be an open-house format where members of the public will be solicited for feedback on a variety of conceptual bicycle and pedestrian improvement options.

Your participation is a vital component in the development of a successful and meaningful plan. Please tell a friend and neighbor about this opportunity. If you have any questions or would like further information, please contact....
